Working

One day I was working hard on a very special card.
I had so much fun, but then I had to be done.
It was really colorful, but also beautiful.

I gave it to my mom. She said, "Wow!
You should have a treat now."
She was really proud of me so she gave me a fake stuffed bee.

I did a really good job, so I named my fake stuffed bee Bob.
We hung my card on my fridge with a magnet,
In the shape of a bridge.

Naval Dreams

When I grow up I want to be in the navy. I would either like to be a seal or a mechanic, and I would like to fight for my country. I would like to fight for my country, my family, my friends

When I Grow Up

When I grow up I want to be a good person and the President of the United States. Is that so wrong?

I want to be the best president ever in the history of our country. It's not so wrong!

Dance

When you dance you feel wonderful,
You're able to be yourself.
When you work hard you meet your goal.
It might be hard but it pays off.

When I first started, I liked it.
When you compete it's fun to win.
But, when you loose, it feels good.
You know you were the best you can be.

When you dance it feels like you're
A bird in the sky flying so high.
But sometimes you are a bird in the
sky when you leap so very high.

I have to say I dance
everyday till I lay.
And I hope you say the
same every day.

BEACH

As I set up the tent , I hear the seagulls. I lay on the sand to feel the breeze and smell the salty air. I watch as the other children play and see the castles that they built.

I used my courage to ask if they could play , it was hard I'll admit , but it was definitely worth it. With a slow tread , we walk into the ocean , we fill our buckets with some water and some sand.

I catch a glimpse of a dolphin , I wonder if it was close enough to go and touch it. But sadly , it's too far. It's really hard to do all this , and that is why I'll miss it.

Lions

I want to see the lions as they walk,
It sounded cool to hear the lions roar.
The lions roars are like a microphone.
When they roared it was like they would be talking.

As they roared they would be talking.
The lion's roar is a microphone.
I felt like someone was yelling at me when they roared.
As they roared they would be saying 'Go Away!'
