

# 1<sup>st</sup> Grade GVCs

## 2017-2018

### **Math**

Students will be able to know and apply different ways to solve addition and subtraction problems within 20.

### **Language Arts**

Students will be able to know and apply grade-level reading skills by sounds and groups of letters.

### **Writing**

Students will be able to write a paragraph with opening (beginning), supportive (middle), and closure (end) sentences for all writing types.

### **Science**

Students will be able to ask questions about the world and be willing to look for answers by making observations and trying things out.
