

5th Grade GVC's

By the end of fifth grade
students will be able to...

Writing:

Write opinion pieces, supporting a point of view; informative pieces, to examine a topic and convey ideas; and narrative pieces, to develop real or imagined experiences.

Reading:

Read and comprehend complex literary and informational texts independently and proficiently.

Science:

Identify and classify observable evidence of change to gain a better understanding of the world.

Math:

Perform specific operations with whole numbers, decimals, and fractions with attention to precision.
